SEASON DATES:

January 1 - December 31, 2025 (Excluding May 31 – September 15, 2025)

PERMITS/IDENTIFICATION CARDS REQUIRED:

No band member shall take fish by net without a valid netting permit AND an 1854 identification Card in his/her possession. To be valid, a netting permit must be issued by an authorized agent of the BFDNR or the 1854 Treaty Authority to a band member who applies in person and signs the permit.

PERSONAL FLOTATION DEVICE (PFD):

No band member may set or remove a net under this code without wearing or having in their watercraft a Personal Flotation Device (PFD) for each person.

PLEASE NOTE: Type IV PFD’s (throwable types) are no longer legal under the code.

NET RESTRICTIONS:

All nets shall be identified with the Band member's name and Ceded Territory Identification Card number plainly printed with an indelible marker on the first float on one end of the float line.

Each gillnet shall be marked with two buoys, one on each end of the gillnet. Each gillnet should have a highly visible marking device whether it be a flag, brightly colored buoy or both, to prevent damage by passing watercraft. “Highly visible” means that the marking device is a color that can be seen in low light conditions and is a size that is easily discerned with the naked eye.

*If you have any questions about the net marking requirement, please contact an 1854 or Bois Forte Conservation Officer (see contact numbers above).

Please see Bois Forte Netting Code for all other regulations.

Please see below for fine schedule.
